

So who won then?

It's the end of an exciting doubles match between Tony & Janice and David and Ann. The score couldn't be closer, at 12 (D&A) – 11 (T&J). Below is a picture showing the finishing positions of the four boules closest to the jack. Using the clues below can you work out:

- a) the owner of each boule
- b) the size of each boule
- c) the weight of each boule
- d) which team won the game

Players: Tony, Ann, David, Janice
 Boule weights: 690g, 700g, 720g, 740g
 Sizes: 71cm, 72cm, 73cm, 74cm

Clues:

- Janice's boule is to the right of the jack but the 720g boule lies fourth.
- The lightest boule is also, bizarrely, the largest and did not end up second.
- Tony's boule finished closer than the 700g boule
- Ann's heavy-weight 740g is perfect for pointing.
- The 73cm boule ended up third-furthest from the jack.
- David does not play with a 71cm boule.
- The heaviest boule ended immediately clockwise to the 72cm boule.
